the amendments to the army bill do not radically change it, we ex- \$3,25; 3x, \$3.00; Little Beauty, \$2.55. Grapect the House to concur directly or through a conference committee in a few days. There is great need of \$3.00. improvement in our mode of enacting laws. We should not only have a vote of "ayes" and "nays" upon every measure which involves appropriation of money, but should confine appropriation acts exclusively to that purpose. In this army bill Senator Thurman very properly condemned the addition thereto, by amendment, of matters purely legislative and which should be first matured in the committee to which such in itters belong. For instance, the bill makes appropriation for support of certain regiments of cavalry, and then directs the disposal of the troops in a manser, which, Mr. Thurman claimed. Wakefield has a circulating libra- wae in gross usurpation of the rights of the military committee whose duty was to mature and report all such measures, The demonstization of silver was

first rendered possible by this loading an appropriation bill with a legislative burden belong alone to the committee on finance to determine, most perpicions practice, the better for the interests of the country. Appropriation bills are discussed and amended often when not nearly a quorum of members is present. No one is interested enough to demand a call of the House by which the lack of a quorum would be shown, hence the facility with which was elected justice of the peace in dangerous provisions creep into our Alms. He was the nominee of the laws may be appreciated, when the people reflect that a baker's dozen Al. Trazell, of Clay Center, while of men can determine, and often do, the nature of these laws. But were appropriation bills restricted closely to providing means for the Executlee officers to disburse and the director needs thereof left to the proper committees and were the "ayes" and "nays" compulsory requisite to of public filchers by means of vicious laws would be narrowed down to a small point; so small that the
